

# SERVICE DAY UPDATE

## YOUR SERVICE DAY IS CHANGING FROM TUESDAY TO FRIDAY!

Dear Valued Customer,

Due to the increase of new housing and future residential developments in your area, we are changing your service day from **Tuesday to Friday**. This change will allow us to continue to service you in an efficient manner. In addition, it will also allow our collection vehicles to complete assigned routes safely and within the facilities permitted hours.

To ensure a smooth transition please set your garbage (black or grey lid), recycling (blue lid) and greenwaste/organics (Green Lid) as normal on Tuesday March 23rd for the final time at the curb before 6:00 am. On Friday March 26, please place **only your garbage container** out for service. Beginning Friday April 2nd begin to place all three containers out for regular collection service at the curb by 6:00am.

- Tuesday March 23rd - Collections for Garbage, Recycling and Greenwaste/Organics
- Friday March 26th – Collections for Garbage ONLY
- Friday April 2nd - Collections for Garbage, Recycling and Greenwaste/Organics
- Every Friday thereafter - Collections for Garbage, Recycling and Greenwaste/Organics

Thank you in advance for your cooperation.

Respectfully,

South County Sanitary

*Safety • Integrity • Service*
