Effective Date for Rates in Current Rate Column was: **2/15/2021**

**This Increase is Approximately: 23.31% Effective Date: 8/1/2022**

On July 19, 2022 the County Board of Supervisors will consider a solid waste, recycling, and green waste/organics collection service increase of 16.65 percent, effective August 1, 2022. There will be a temporary 6.66 percent increase to recover revenue lost due to this rate increase being delayed from June 1, 2022 to August 1, 2022 for a total increase of 23.31 percent. This 6.66 percent will expire January 1, 2023, net of any Consumer Price Index adjustments, if approved by the Board of Supervisors. The increase is necessary for the Garbage Company to continue to provide safe, environmentally sound, and reliable solid waste, recycling, green waste/organics collection, transportation and disposal/processing services to the citizens of the County. Several factors contributed to this rate increase including, but not limited to: increased costs associated with the purchase and operation of collection vehicles, fuel costs, labor costs, and increased costs associated with the organics digester facility. Please note the shaded commercial can rates are new.
